Proposal Write-Up for Final Project

- Each group must submit one proposal write-up for final project
- The write-up must include the following sections:
 - **Title**
 - **Authors:** Group number + the names, departments and student IDs for each group member
 - **Objectives:** what you want to do (implement, accomplish, ... etc.)
 - **Motivation:** why such work is interesting or useful to users
 - **Description:** background information or any other general information you want to say about your work
 - **Outcome:** describe how your result will look like. If you want to implement or improve a system, describe what your implemented or improved system looks like, and how it works.
 - **Implementation:** what you will need to do to accomplish your objectives. Describe the steps or the pieces of work you will need to do.
 - **Reference:** the papers, web-sites, or other systems or resources that you reference for this write-up, if any

Additional Notes

- The proposal should be 2 to 3 pages long
 - No need to be longer than 3 pages.
- You are allowed to change direction or change topic of your final project after you submit the proposal
- However, whether you have a good proposal or will not be used to judge the score for this homework
